

Sara's Sanctuary

an animal rescue organization

We are a haven for animals with no other options.

<http://give>

Many of the animals that we care for were bred in captivity & then sold into private hands. Most are illegal to own in WA state without a USDA license.

We provide a place of hope for over 200 animals that would otherwise be euthanized or living a life of abuse and neglect.

Whether you give dollars or volunteer your time, your generosity makes a difference to all of them.
